Mako

The Mako is an infantry fighting vehicle (IFV), or rover. It carries you and your squad into battle, where it provides fire support and cover.

To get you and your squad into the Mako, select it, and then press A.

Move L to drive the Mako, and move R to rotate the view. Press A to jump-jet over rough terrain or dodge enemy fire.

Press LT to zoom the gun camera, RB to fire the cannon, and RT to fire the machine gun.

To leave the Mako, find safe, stable ground, and then press B. Be aware of the hazard level outside before departing, as you may only survive for a limited time in some hostile atmospheres.

The Vehicle HUD displays health and shield levels for squad members, and weapons and equipment status for the Mako.
